Some Suggestions/Remarks Received from the Faculty Members

- अभ्यासक्रम विज्ञान विषयाशी निगडीत असल्याने व्यक्तीमत्त्व विकासाला उपयोगी आहे.
- अभ्यासक्रमातील विषय विद्यार्थ्यांच्या व्यक्तीमत्त्व विकाससाठी दिशा देणारा आहे.
- अभ्यासक्रमातील विषयानुसार घटकविद्यार्थ्यांना दिशा देणारे आहेत.
- In this world of privatization student must learn the skill which are associated with corporate world. To keep in mind this I suggest that, In Skill English paper topics like newsletter writing, Brochure writing must be included.
- Add a sociolinguistics in new syllabus.
- Literature and Poetry to be added.
- Soluble salts by gravimetric method topic to be added.
- Repetition of the topics should be avoided. Same topics are included in practical and theory papers.
- Old technique of Research can be avoided in Practical.
- Research based reconstruction must be added and Interchange between Advanced Accountancy I and II syllabus of sem 2 could be avoided.
- It is good to add Skill English paper with English grammar but in my opinion basic linguistic paper like phonetics and morphology must be included from FY and SYBA class.
- It is really appreciable that course on GIS and RS is added in the curriculum; however practical course should also be added related with theory course.
- Syllabus should be more practical and vocational.
- Project and research should be the part of syllabus.
