About Conference

On the occasion of 75th Independence day, the Platinum Jubilee, the Department of Political Science & IQAC Kisan Arts, Commerce and Science College, Parola in collaboration with Maharashtra State Political Science and Administration Council organized an One Day National E- Conference on "The Trajectory of Indian Nationalism" on 31st August 2021, Tuesday.

Indian Nationalism, a concept has been developed during the Indian Freedom Movement fought against the colonial British Raj. India has been unified under many empires and governments in history. The Mauryan Empire was the first to unite the whole India. In addition, India has also been coalesced by fighting against Gupta, Rasttrakuta, Mughal, Maratha, Rjputana and British Indian Empire. The Nationalism is nothing but a great love and affection about self country. To get freedom, Indian leaders had faced many struggles and by firming National identity amongst the Indian people, they got freedom from the British Empire. The idea of Nationalism is a continuous developing idea. It decides the direction of the nation. Martin Luther king, Jr. had said that "We are not makers of history. We are made by history". To trace the journey and to more paths to develop the nation the college has organized this e-conference on the above mentioned topic.

The main objective of the conference is to dig the post-independence journey of India to locate the various ways of Nationalism and also discover future opportunities and obstacles for developing India.
