Academic Misconduct

Academic misconduct is defined as a violation of the College's standards of academic integrity whether these violations are intentional or unintentional. Academic misconduct consists of cheating on an exam, plagiarism on an academic assignment, or unauthorized collaborative work.

Evidence of academic misconduct may include, but is not limited to, the following:

- Some of the student's work coincides with or closely paraphrases a source that is not properly acknowledged.
- Glaring coincidences in the work of students on exams, papers, problem sets, etc., where cooperation in producing the work was not permitted.
- Submission of the same work in more than one course. When submitting any work to an instructor for a course, it is assumed that the work was produced specifically for that course.
- Submission of the same work in more than one course without prior approval is prohibited.
- Sources that must be acknowledged include, but are not limited to, lab manuals, books, articles in books, journal articles, and web pages, along with graphs, charts, tables, datasets, etc., in any of the sources just mentioned. Proper acknowledgment must indicate both the source and how it served as a source for any specific portions of the student's assignment.

Alcohol and Other Drugs

The unlawful possession, use, purchase, or distribution of alcohol on College property or as part of any College activity is prohibited. The unlawful possession, use, purchase, or distribution of illicit drugs, controlled substances (including stimulants, depressants, narcotics, or hallucinogenic drugs), or paraphernalia—or the misuse of prescription drugs, including sharing, procuring, buying, or using in a manner different from the prescribed use, or by someone other than the person for whom it was prescribed—is prohibited on College property or as part of any College activity.

College recognizes that there may be situations in which students would be in need of swift medical assistance for themselves or others, as a result of alcohol and/or drug use. The College expects each student to share in the safety and wellbeing of their fellow students and to seek out assistance from College officials (Security Guard, Vice principals, Registrar, Teaching or Non-teaching staff, Office Staff) and/or medical emergency services through 102, without fear of College disciplinary action for the consumption of alcohol and/or use of controlled substances.

Under the College's Alcohol and Other Drug Amnesty policy, typically neither the student in need nor the student or student organization requesting assistance will be subject to disciplinary action as a result of a violation of the Alcohol and/or Drug Policy.

Disorderly Conduct

Students at College have the right to express their views, feelings, and beliefs inside and outside the classroom and to support causes publicly, including by demonstrations and other means.

These freedoms of expression extend so far as expression does not impinge on the rights of other members of the community or the orderly and/or essential operations of the College. In light of the principles and expectations described within the policy on Academic Freedom and Responsibility, disorderly conduct is not permitted.

Disorderly conduct is a violation that prevents the orderly operation of the College, which includes, but is not limited to:

- i) Excessive noise, which interferes with classes, College offices, residence hall neighbors, or other campus and community activities;
- ii) Unauthorized entry into or occupation of a private work area;
- iii) Conduct that restricts or prevents faculty or staff members or student employees from performing their duties, including interruption of meetings, classes, or events;
- iv) Failure to maintain clear passage into or out of any College building or passageway, and/or work space;
- v) Failure to disperse when a building, office, or campus space is closed; and/or
- vi) Other conduct that disrupts the operations of the College, such as lectures, meetings, events, ceremonies, or other necessary business and community functions.

Events and Parties

The College defines an event as an academic, intellectual, cultural, and/or social gathering, held by students or a student organization, in campus space. Events can be open to the entire campus community, open to all enrolled students, or closed events held for a smaller group of students and/or members of an organization. Typically, guest(s) of enrolled students are permitted at campus events. Usually, events are not open to the general public without written permission from the Principal Office. Both open and closed events follow the same expectations and process for registration.

The College further declares that any type of alcohol are not allowed during the events and parties.

A College event has to be held on-campus. An individual and/or organization holding an event off-campus may be subject to the student code of conduct.

Open events are defined as an event where all students are permitted to attend, without an entry fee. Open events may or may not be open to the larger campus community.

Closed events may be held for a smaller group of students and/or members of an organization. A guest list may be required depending on the size and scale of the event.
